Rain Cancels 6th Annual Key Parade

Paul Bonfiglio Voted 'Football Dad of 1950' By Falcon Team

Paul Bonfiglio, father of Frank Bonfiglio, Falcon left end from Lima, received the "Football Dad of 1950" trophy between halves of the Bowling Green-Bradley University football game here Saturday.

Dr. Frank J. Prout, president of Bowling Green State University, presented the trophy to Mr. Bonfiglio. The father was so honored by virtue of secret voting by members of the Falcon football team. The presentation of the trophy highlighted the fourth annual Dad's Day festivities sponsored by Alpha Tau Omega fraternity.

All the dads attending the game were honored by several special numbers and formations performed

PICTURED ABOVE is Paul Bonfiglio, father of Frank, who was named Bowling Green's "Football Dad of 1950."

News Meeting

An important Bee Gee News staff meeting will be held in 314A at 6:30 Wednesday night. All members should attend.

by the University band at half-time. Members of the band spelled out "Pop" and "Dad" as part of their field formations.

Fathers of the football team sat in special seats on the edge of the field next to the varsity bench. Many of the other dads sat in the reserved B and C sections of the stadium.

Members of the ATO fraternity feted the fathers of the Falcon football team at an annual breakfast in the University Commons Saturday morning.

President Prout gave a welcome address and expressed hope that future Dad's Day programs would be larger affairs including an all-campus dad's banquet.

Robert H. Whittaker, head coach of the BGSU football eleven, praised the idea of Dad's Day celebrations and hoped the presence of the fathers would inspire the men to play a better game. Active members of the ATO fraternity served the dads.

Informal parties and luncheons and open houses were held for many of the fathers after the game. The ATOs held their annual Dad's Day banquet at the Midway Saturday evening.

Prizes were awarded to the ATO dad who was the oldest, youngest, and traveled the furthest to attend the banquet. Harry A. Scott, Postoria, father of Don Scott, was the oldest; Jack Wilson's father, Harry Wilson, Ft. Wayne, Ind., was the youngest; and Chesire J. Nichols' dad, Cleveland Heights, traveled the furthest.

Earl Morris, Columbus, Chief of ATO Province VIII, spoke about the meaning of friendships gained through fraternity life and said that hazing is slowly dying out in all fraternities.

Al Libbe Announces 17 Key Editorships For Yearbook Staff

Editors for the 1950 Key were announced this week by Allan Libbe, yearbook editor, and Jack Dukes, business manager.

Howard Hahn was appointed assistant editor to Libbe. Dukes named Nedra Mason to the post of advertising manager. Both Miss Mason and Hahn have had previous experience on the Key.

Other staff positions are: Thomas McHugh, photography editor; John Grossman, engraving editor; Jack Myers, copy editor; Margaret Johnson, office manager; Helen Mueller, printing editor; and Mrs. Jean Harwig, circulation manager.

Section editors include: Sally Squire, special events; Iris Irwin, faculty and administration; Jan Dunson, class editor; Nancy Noon, honoraries; Barbara Schneider, activities; Dick Sommers, sports; Dave Reichert, fraternities; Pat Boller, sororities; and Pat Davison, indexing.

The 1951 Key has formulated plans this year to tell the story of Bowling Green State University.

By means of pictures and stories, the staff will attempt to give the inside picture of the school. Instead of some particular phase of school life, we will see and read about a great many of the factors that go to make up our school.

Event Postponed Until Sunday Pending Dry Day

Boats instead of floats were in order last Sunday—Key Parade Day. Due to a shortage of boats, the parade has been postponed until next Sunday.

Fifteen organizations, 12 sororities and three women's dorms, will enter floats in the parade. The organization's candidate for Key Queen will ride the float. After touring the campus, the parade will drive around the circle in front of the Ad Bldg.

The judge's stand will be on the Ad Bldg. steps. Judges are: Mrs. Carol Chase, instructor of home economics; Otto G. Ockvirk, instructor of art; and Phillip R. Wigg, also an instructor of art.

Floats will be judged primarily on beauty, originality, and development of theme. Immediately following the parade, the organization sponsoring the winning float will be presented with a permanent trophy. Festivities are scheduled to last for two hours.

Last year's winners were: Delta Gamma, first; Theta Phi, second; and Kappa Delta, third. The Delta Gam's theme was Esquire magazine. A huge calendar formed the backdrop for the candidate, presented as a Varga girl. A papier-mache figure of the Esquire male completed decorations of the winning float.

Monday, following the Key Parade, an all-campus election will be held to determine the 1951 Key Queen. Voting will be in the Well from 8-12 and 1-4. Photographs of the top six winners in the campus election will be sent off-campus to determine the queen and her two attendants.

Lois Sautter, Chi Omega, was the 1950 Key Queen. She was chosen from the six finalists by patients at Crile General Hospital, Cleveland, O.

Top six finalists will be announced in the Friday issue of the Bee Gee News following the campus election. The Key Queen will not be announced until distribution of the Key in June.

Traditions of the Key Parade and Key Queen were started in 1945. At that time there was also a Key King. This is the first year that the weather has interfered with the Parade.

Student Musical Features New Modern Stage Setting

Modern art has jumped from the Fine Arts Bldg. walls to the Main Auditorium stage for "Love Goes to College," this year's student musical.

Symbolistic, modern sets have been designed by Gordon Beck, production and stage manager, assisted by Abe Bassett. The four sets for the production represent the Nest

front, Kohl Hall lounge, a music studio, and a geology classroom.

Homecoming Plans Must Be In Tonight

Information for the Homecoming program must be in the hands of the program committee tonight, Miss Laura Heston, chairman of the Homecoming program committee said today.

Blanks for giving information to the program committee have been distributed all over the campus, but if any group needs blanks they may be secured at the Home Ec office.

Blanks are to be turned in at the Home Ec office. Information not turned in to the committee by Tuesday night will not appear on the Homecoming program which will be distributed to alumni and students.

Deadline Set Today For Address Change

Those students who desire to report a change of Bowling Green address for the student directory can do so only today.

There will be a sheet of paper in the Well, and anyone wishing to make the change, should write his name, and present Bowling Green address on it.

One scene is quite unusual due to the complete use of black and white in not only the set, but also the costumes. The only color on the stage for this scene will be extensive makeup, in charge of Marilyn Silver.

Sets will be changed through the use of the blackout system, quick set changing in the dark without use of a curtain. During the action David Fey, lighting technician, plans to use area lighting.

Costumes will be everyday modern dress for main characters, but dancers will dress to keep up with the modernistic sets. Jeannine Morris is handling choreography for the chorus.

The main problems being met by the production staff at present is the lack of student help for constructing the set, doing make-up, sewing and fitting costumes. Any interested people should either see Mr. Beck backstage, at the Main Aud., from 7 till 9 any evening except Fridays or Saturdays, or sign up on the bulletin board near the radio station door.

Increasing lumber costs have also been a headache for the production group. Costs are expected to rise approximately 50% over last year's budget.

Kellems To Address Campus On Korea

Col. Homer F. Kellems, who served on MacArthur's general staff in Tokyo, will show what he claims is the only complete color movie of southern Korea, when he lectures on "Korea—Divided" Wednesday night at 8:15 in the Main Aud.

Traveling by plane, boat, jeep, and native railroad, Colonel Kellems has photographed over 40,000 feet of film on the Far East during the last two years.

Colonel Kellems returned home from the front lines last April.

Bee Gee Debaters Give Demonstration

Louis Fernandez and Patricia Swineford will give a demonstration debate in Columbus for the third annual Ohio Conference for Speech Education on Oct. 14.

The two seniors will clash with the debate team from the University of Cincinnati on the high school subject, Resolved, That the American people should reject the welfare state.

Both Miss Swineford and Mr. Fernandez reached the quarterfinals in the West Point National Invitational Tournament last April. Prof. M. Harold Mickle is coach of the Bowling Green debate team.

Miss Adeline McClelland, associate professor of speech, is president of the Ohio Association of Speech and Hearing Therapists, one of the four organizations sponsoring the conference.

Senior Pictures

Today is the last day that appointments can be made for senior Key pictures. Appointments are being taken in the Well. The sitting fee is \$1.50.

after receiving his discharge. During his service, he commanded six expeditions to the Arctic and Alaska, and made several docu-

COL. HOMER F. KELLEMS mentary movies for the Army and Navy during the war.

Traveling in his own 14 1/2 foot house trailer, which is as completely equipped as a movie studio, Colonel Kellems has toured 30,000 miles through the Far East. He edits his films between stops, endeavoring to keep them up to date.

The film, taken from the American Headquarters post at Pusan to the 38th parallel, shows the spots where large scale fighting took place a week ago.

Blackburn Names Students Required To Take X-Rays

All freshmen, transfer students, and food handlers will be required to take an x-ray in the coming chest x-ray examinations, announced Prof. J. Robert Blackburn of the physical education dept.

These tests will be held in the Men's Gym on Oct. 12, 13, and 16 from 9 to 12 and 1 to 4 on each day.

The tests are a part of the anti-TB campaign sponsored each year by the Wood County Health Dept. and the Wood County Tuberculosis and Health Association.

Students in health service courses will be examined during their regularly scheduled gym periods as follows:

All men and women who have service courses that meet on Monday and Wednesday of each week will report for their X-ray on Monday, the 16, at their regular class meeting time to the lower hall of the Men's Gym after they have reported to their instructors.

Tuesday and Thursday service courses students will report for their examinations on Thursday, Oct. 12 at their regular class time.

Friday, Oct. 13 is left open for all groups such as fraternities and sororities and any individuals who would not ordinarily be included in the other days examinations and would like to have X-rays.

Mr. Blackburn stated that any group that wishes to have X-rays taken on the 13th should contact him first by calling 8711.

Groups Initiate Choral Activities

Bowling Green's choral groups will initiate this year's musical activities with the presentation of a public concert by the choir on Nov. 3.

Dr. James Paul Kennedy, director of choral activities, announced that this concert will be followed by a local appearance of the Treble Clef on Nov. 5 which will include the fall breakfast, an annual tradition here at Bowling Green. The Treble Clef and the Men's Glee Club will combine with the Choir in presenting the other major choral activities for the year. These will include The Messiah and a Christmas choral concert the first semester and the oratorio, Verdi Requiem, during the second semester.

DR. KENNEDY

Dr. Kennedy reported that the Choir is composed of seventy female and sixty male voices. After the public concert, which will be presented in the Main Auditorium in honor of Phi Sigma Mu, the national music fraternity, which will be meeting here, the Choir will journey to Cleveland and broadcast over WTAM on Nov. 10, 11, and 12.

The Choir will conduct a Southern tour between the first and second semesters which will feature engagements throughout all the major Southern states.

Treble Clef, which is divided into two major sections this year, is made up of one hundred and fifty female voices. This group, which was organized in 1914 and is the oldest musical organization

on this campus, will conduct a spring tour in April through New York and Virginia.

The Men's Glee Club, comprised of sixty masculine voices, is contemplating a fall trip through central and southern Ohio and a regular spring tour through the Northern states. Dr. Kennedy pointed out that several dates are still open for the fall trip and engagements can be arranged by contacting him.

Dr. Kennedy stated that positions are still open on the Men's Glee Club and the Treble Clef is in need of several first sopranos. Any student not affiliated with a choral group who wishes to sing in the Messiah should contact Dr. Kennedy before the first rehearsal which will be on Oct. 12 at 7 p.m. in the PA auditorium.

Our Alma Mater . . .

Each year at this time, after a few more venturesome voices have broken the stillness at football games and pep rallies with the words to the Alma Mater, the cry goes up, "Why doesn't Bee Gee get a new Alma Mater?"

Good question. Only a small percentage of the student population, usually those who as freshmen were forced in hazing to sing it, seem to know the words. One could hardly say that the stadium rocks when the band plays the Alma Mater between halves. Whenever the Alma Mater is played or sung, the results seem to be more dismal than inspiring—results that fall far short of instilling any pride in undergraduates or alumni.

Comments heard when the Alma Mater was played in Madison Square Garden during 1949's NIT caused a humbling amount of chagrin among the Bee Gee students present.

Why does this condition exist? Probably because students are not satisfied with the present song. This much is sure—something should be attempted to remedy the situation! Nothing is blocking the submission of a new song by anyone interested. The only thing required is general acceptance by the student body and faculty. Perhaps a new Alma Mater—one that Bee Gee could really be proud of—would be another big step forward in establishing some tradition in this University.

Congratulations . . .

In comparing the football crowds of the past two Saturdays it seems impossible that they could be made up of the same people. Naturally it could be summed up that victory is much sweeter than defeat, but we believe that it goes much deeper than that.

The Dad's Day program of this past weekend seemed to give the student body a boost which it sorely needed after the disastrous afternoon of play with Miami. It also gave Bee Gee a taste of what students many times say cannot be found here—tradition.

A person has only to consider the task of planning and coordinating the calendar of events confronting the chairmen and committees in charge of Dad's Day to realize what was accomplished.

Often a group is lambasted when they fail to live up to expectations while at the same time an organization is frequently overlooked when the job they do is tabbed a success.

We would like to thank the members of Alpha Tau Omega fraternity for helping to put some ivy on our walls and congratulate them on completing their fourth successful Dad's Day program.

Chemistry Students Begin Projects

Lost or Strayed

A light oak typing-size table, the property of the Student Christian Fellowship, was removed from the Well sometime between Tuesday and Friday last week. Anyone knowing of its whereabouts is asked to call Hollis Hayward at 5281.

KAMPUS KOPP "BOOZER BOOSTER"

Browns Take 'Time Out' To Help Palsied Children

Quite a contrasting scene was observed this summer on the Bee Gee campus.

It was the sight of the husky Cleveland Browns professional football team, coming from practice sessions, passing the young patients of the Cerebral Palsy Clinic in their dormitory and playground.

Official Announcement

All persons interested in singing in the chorus of the FTA musical sign up on the FTA bulletin board in the Well of the Ad Bldg.

All organized groups send representatives to the campus all-charity meeting to be held at 7 p.m. in 303A. This meeting is all-important and gives points towards the trophy.

The Dean of Students Office announces the following additions to the Car Rules.

1. All decals must be on the car and in the proper spot immediately.
2. There are five frozen parking areas on campus. They are marked with a white stake with black numerals. Do not park in these areas unless assigned.
3. All old decals must be taken off cars.
4. Parking regulations on restricted areas should be observed at all times.
5. The frozen areas for parking are:
 - a. West of Ivy Hall.
 - b. East of Fine Arts Bldg.
 - c. East of power house
 - d. South of West Hall
 - e. South of North Dorm

Obviously, the Browns realized, the children's physical care was magnificent. But these youngsters, who unfortunately are missing so many of the activities of normal childhood, were also lacking toys.

So the hat—in this case the football helmet—was passed and the Browns presented \$43 to the Clinic for toys and equipment for the youngsters.

Milton Widder, Cleveland Press columnist, while visiting the Browns was told of the Clinic's need for toys. He relayed the message to his readers.

Bob Neal, sportscaster for all Browns' games, told of the need over radio station WERE. He added that balloons could be used.

The result was a flood of mail to Miss Adeline McClelland, director of the Clinic. More than 1,000 balloons and other toys were received. Many letters came, and with them a total of \$122. This money will be used to buy equipment for the playground behind Happy Hall.

The Clinic is one of four such centers in the country. It is the only one on a University campus. There are 12 patients at the clinic now, ranging in age from four to seven years.

Business Meeting

The Student Business Ass'n. will meet Wednesday, Oct. 11, in 303A at 8 p.m.

Geology Students 'Rough It' On Trip

Prof. John R. Coash and a group of 13 geology students "roughed it" on a post summer geology field trip. Equipped with three cars, a station wagon and a trailer, the group camped out and did their own cooking.

Major stops on the trip, which lasted from Aug. 14 to Sept. 1, included: Mammoth Cave, Ky.; a lead mine in Missouri; a geology guide in Bonne Terre; Carter Oil Research Laboratory, one of the largest in the world, in Tulsa, Okla.; an oil field in Oklahoma City; Capulin National Monument; New Mexico; a volcanic crater in the Sange de Cristo mountains; the Front Range of the Rockies; Colorado Springs, Colo., where the group went "spelunking" or cave exploring; Laramie Range, Wyo., along the Old Cheyenne, the Dead Wood Stage Coach Rd.; the Black Hills of South Dakota; the Badlands of the Dakotas; and the Wisconsin Dells.

The group took 400 colored slides which will be shown to the public at a later date. Also specimens and fossils were collected for use in the geology dept.

Letters To The Editor . . .

We are not rushees! We are a group of upperclassmen living in an upperclassman dormitory which also houses sorority girls and freshmen. Since this is a so-called upperclassman dormitory—why can't sorority girls come to our dormitory to visit. But no—if they step inside our door, they are classified as "dirty rushees." Wouldn't the sorority girls living in independent dormitories be under the same classification?

We are asking the Panhellenic Council to reconsider their policy! Why should we all suffer because of a few freshmen in the dormitory and a few fatuous rules established by the Panhellenic Council? We independents are not alone in this opinion, many sorority girls hold the same view on the subject. This matter has been a constant source of friction, and for years, has created an unfavorable attitude between independents and sororities.

Sorority girls are no longer children. Could they be put on their honor not to rush the freshmen and upperclassmen rushees while visiting their independent friends at the dormitories?

What is the reason for this rule? Do the sororities wish to bind their members closer together?

We would appreciate immediate action on this subject. If this rule cannot be changed, we feel an explanation is due us.

Sideglances

By W. DUANE ZUMBRUNN

I'VE ALWAYS thought it was improbable that a person's face could be bad enough to break a camera, but it actually happened. At least the camera broke immediately after the taking of one individual's picture.

It all happened at Lasalles last Tuesday afternoon about 3 o'clock. After about 10 minutes, the photographer managed to correct the shutter's deficiency and continued shooting the senior pictures for the Key.

PERSONS LIVING in the State of Ohio who have birthdays this month had better think about getting their driver's licenses renewed in the very near future. These licenses will be good for three years.

Simply because you are attending this university is no reason for failing to get a license. After all, you won't be here for the remainder of your lives, so you might have use for one someday.

Besides, you might not be able to pass the requirements again.

WE HAVEN'T WRITTEN an editorial as yet on the weather in this town, but it should be done, even though it would do no good. Only too often cloudbursts have dampened activities on the campus. Most recent curtailment of happenings was that of the Key parade Sunday.

Reports have it that the floats have become warped from all the rain.

IT COULD ONLY happen among journalists, since more crack-pots are in that field than any other. During a recent Press Club meeting, Don Wolfe, state editor of the Blade, addressed members on the Blade's part in sponsoring the celebration of the new Union Station in Toledo.

From the kitchen of the Nest, came what was supposed to be a whisper to a member seated just outside the door, saying, "Are they about done in there?" The speaker laughed it off and continued with his speech. Result: one red-faced prospective newspaperman, and several laughing members.

THOUGHT FOR TODAY: In a letter received from a 1950 grad, he wrote about how he really felt about this University . . . thoughts that never occurred to him while he was here. Now he is once again in the Navy. Part of his letter is quoted below:

"Since the time school started, I've thought about the place a lot. It's a funny thing how you can treasure memories about a place like that. Of course you'll always find guys there who complain.

"Next time you hear one beefing about one thing or another just advise him that I'll gladly give up all of my conveniences and 'excellent opportunities' in exchange for the extreme hardships he has to endure. It's really a wonderful place and the people are the best on earth."

Semi-Formal, Disc Dance Feature Social Weekend

Potential globe trotters of BG could get a look at the world b just staying here this past weekend.

They could go to China, via the "Shanghai Shag;" to Morocco through the campus movie, "Song of Sheherazade;" to the wild west at the Juniors' "Bar BQ;" or clear out of this world at the "Enchantress Ball."

Entertainment for more intellectual students was provided by "All My Sons," a movie adaptation of Arthur Miller's prize play.

Authentic oriental costumes were worn by the Sigma Rho Tau members who distributed programs at their "Shanghai Shag," Friday evening.

The programs, Chinese lanterns in black and yellow, were a special feature of the disc dance.

Focal point of the decorations was a large brightly colored dragon, painted on the backdrop. Red, glittering Chinese characters were also hung around the room.

All was moonlight and stardust at the Phi Mu's "Enchantress Ball," the campus' first all-student semi-formal of the year, Saturday evening.

Bee Gee coeds got out their formals, and entered into a world of enchantment when they stepped with their escorts through the glittering archway into the transformed atmosphere of the Women's Gym.

The spotlight played on the moon, its slightly off-center position, a Phi Mu innovation of last year, and on the words, "Enchantress Ball," in glittering letters on the backdrop.

Sparkling stars and moon rays added to the illusion of a magical evening.

Jack Runyon's orchestra from Toledo set the musical mood for the fourth annual "Ball."

The Nest, all dressed up in western style, and populated with BG "cowboys" and "cowgirls," was the scene of the "Bar BQ," junior class party, Friday night.

35 Fill First Phi Delta Theta Class

Thirty-five men have been initiated into the first pledge class of Phi Delta Theta fraternity, it was announced today.

The ceremonies were presided over by Frank J. Prout, Ohio Beta; Dr. Elden Smith, Ohio Beta; Instructor John Hepler, Ohio Beta; House-father and Associate Professor, Willard Wankelman, Ohio Zeta; and Frand Lord, Ohio Gamma.

The men initiated will be considered pledges until Oct. 28, when they will be formally installed as charter members of Ohio Kappa of Phi Delta Theta Fraternity.

The men pledged are: Gene Aldridge, Dean Bacon, Paul Bechtel, Frank Bonfiglio, Herb Bruick, Harry Coleman, Norb Cowan, Hugh Dominic, Lee Dorsey, Joe Evans.

Bruce Falb, Bob Gwin, Dan Hudak, Paul Hughes, John Humphrey, Jack Hunt, Steve Hurak, Dr. Lynn Hutchinson, Troy Jensen, Bob Keener, Mike Kilpatrick, Ed Miller, Tom Nolan, Bill Reline.

John Robertson, Lee Pate, Dick Schlenger, Harry Schwarz, Harry Scheerer, Jim Snyder, Bon Talbert, Walt Thielman, Barney Wheeler, Ray Williams, Rollie Wrightsman, and Chuck Woodfill.

FTA Will Present Story Of Education

Eighty-five students will take part in the production of "On Our Way," a musical being prepared under the sponsorship of Future Teachers of America in connection with National Education Week, Nov. 5 to 11.

The Bowling Green performance has been tentatively set for Nov. 16. The show will go on the road to give performances in several nearby towns.

"On Our Way" has been described as "the story of modern education, its aims, its struggles, and its achievements."

Helen Tsarones and Phyllis Allen will direct the FTA production, assisted by Lila Lesnick. Janice Fuller is musical director and Martha Mooth is accompanist.

Faculty Attend Annual H. S. Principals Meet

Dr. Herschel Litherland, dean of the College of Education, Dr. John Gee, and Mr. Ralph Beck attended the annual meeting of the High School Principals Ass'n. in Columbus Friday, Oct. 6. The reorganization of secondary school curricula was the chief topic of discussion at the meeting.

Main speaker Dr. C. W. Sanford, assistant dean of the College of Education at the University of Illinois, made such a reorganization the subject of his talk. The banquet speaker was Grove Patterson of the Toledo Blade.

Grad Takes Position

Kay Kennedy, August graduate, has accepted a position with the Lucas County Child Welfare Board. Miss Kennedy, whose home is in Canton, O., received a bachelor of science degree in Liberal Arts.

Rambling Rows

By

PAT MATTACHIONE

ANGIE PALERMO

"Puddles," mascot of Delta Tau Delta was honored recently with a shower by the Alpha Xi Deltas. Art Kurtze, midwife, opened the gifts which were presented on an umbrella to the proud mother and her family. Art then expressed his thanks in behalf of the "pupulation" and the fraternity.

Election of officers for this semester chose Lila Lesnick as the head of the Alpha Delta Epsilon. She will be assisted by Lora Kaufman, secretary; and Beverly Bergner, treasurer.

Alpha Xi Delta elected Mary Jane Gustin, corresponding secretary; Margaret Sanderson, marshal; and Frances Coe, journal correspondent.

The Williams Hall house board is headed by: Vicki Vance, house chairman; Jo Demetral, vice president; Mary Ibele, secretary; and Shirlee Musser, treasurer.

Gamma Theta Nu's new house-mother is Mrs. Alice Lathrope, a former resident of North Baltimore.

Mr. and Mrs. Stanley Morris are the houseparents for Sigma Psi Omega. Mr. Morris is a graduate assistant in the speech dept.

Hayrides were recently held by Phi Delta, MIS, Alpha Xi Delta, and Gamma Phi Beta. Chaperones for the combined Alpha Xi and Gamma Phi hayride Friday night were Mr. and Mrs. Harold M. Mike.

The Sigma Rho Taus received a pair of book ends from the Phi Kappa Psis in appreciation for the use of the SPT house (5541) by the Phi Psi national officers during their installation.

Dean and Mrs. Ralph G. Harshman and their daughter Mrs. Hugh Nott were dinner guests of Alpha Xi Delta Thursday. Mrs. Nott was a charter member of the Bowling Green chapter.

The Bowling Green patronesses of Gamma Phi Beta, Mrs. Belle Case Harrington, entertained the Gamma Phis at an open house at her home. Cider, nuts, and popcorn were served.

The new house officers for Urschel Home are: Muriel Maco-nachie, chairman; Jeanne Tatum, vice chairman; Janet Truex, secretary; and Sue Brown, treasurer.

Alpha Chi Omega and Delta Upsilon exchanged dinner guests last Wednesday. Tomorrow the Kappa Deltas will entertain the DUs at dinner.

Two more transfer students have been welcomed by Greek groups on the campus. They are Marilyn Ross, Gamma Phi Beta from Wittenberg, and Cy Costoff, Delta Upsilon from Miami.

Theta Chis attending the 94th National Convention of Theta Chi in Minneapolis, Wis., Sept. 6 to 9, were Jack Hollingsworth, president of the local chapter, and Ted Jenkins, vice president.

Newly elected Theta Phi officers are: Carol Thut, Panhellenic representative; Tommie Eldred, song director; and Barbara Portmann, scholarship chairman.

Bob Taylor of Sigma Psi Omega is directing the installation of plumbing, building of fire exits, and insulation for the new Sigma Psi Omega house at 325 North Main St.

Alpha Tau Omegas took their Friday night hayride party to Fred Waugh's farm for a wiener roast.

Sigma Chis entertained their dates at a house party Friday night.

An open house for the Alpha Chis was given Friday by the SAEs.

The Zeta Beta Taus took their dates to Farmer's Grove for refreshments Friday night via hay-wagons.

Shuck Announces Graduate Faculty

Six Bowling Green faculty members have been named permanent Graduate Faculty members, Emerson Shuck, dean of the graduate school, has announced.

Approval of the six new members by the Graduate Council brings the total to 59 graduate faculty members.

Those approved were: Dr. D. Ferrel Atkins, assistant professor of mathematics; Dr. Jacob Cohen, assistant professor of economics; Dr. Mylen Fitzwater, assistant professor of psychology; Dr. Olive Parmenter, assistant professor of business education; Dr. Galen Stutsman, assistant professor of business education; and Dr. Robert Twyman, assistant professor of history.

Handbook Editor Names New Publication Staff

Staff members of the Freshman Handbook have been disclosed by Editor David Reichert.

The members are: Shirley Hollis, assistant editor; Helen Mayer, copy editor; Mary Jane Gustin, Greek editor; Don Eaton, art editor; Howard Bond, editor of photography; Liz Clark, head typist;

The Freshman Handbook staff will meet next Wednesday, Oct. 11, at 6:30 in 315 Ad. Bldg. All copy should be brought to this meeting.

Claire Rothenberg, index editor; Bob Crowe, sports editor. Prof. J. J. Currier is adviser of the handbook.

Forty-six persons turned out to work on this publication which is the largest group in the history of the book.

The handbook will be out sometime in February.

Be Happy - Go Lucky!

The cheer that really makes our team
Fight on to victory
Is not "Rah, Rah" or "Sis-Boom-Bah!"
It's L.S./M.F.T.

Enjoy your cigarette! Enjoy truly fine tobacco
that combines both perfect mildness and rich
taste in one great cigarette - Lucky Strike!

Perfect mildness? You bet. Scientific tests,
confirmed by three independent consulting
laboratories, prove that Lucky Strike is milder
than any other principal brand. Rich taste?
Yes, the full, rich taste of truly fine tobacco.

Only fine tobacco gives you both real mildness
and rich taste. And Lucky Strike means fine
tobacco. So enjoy the happy blending that com-
bines perfect mildness with a rich, true tobacco
taste. Be Happy—Go Lucky!

STUDENTS!
The jingles on this page
were written by us...
but we want yours!
We're ready, willing and
eager to pay you \$25.00
for every jingle we use.
Send as many as you like
to Happy-Go-Lucky,
P.O. Box 67, New York
46, N. Y.

Now college profs are seldom dopes—
I'm sure you will agree.
And I'm one prof who knows the ropes:
It's Lucky Strike for me!

Yes, Luckies get our loudest cheers
On campus and on dates.
With college gals and college guys
A Lucky really rates!

LUCKY STRIKE
CIGARETTES

**L.S./M.F.T. Lucky Strike
Means Fine Tobacco**

CORP. THE AMERICAN TOBACCO COMPANY

From the

Sidelines

By JIM DUERK

It ~~WOULD BE~~ difficult to single out a player as most responsible for Bowling Green's upset victory over Bradley Saturday. For the first time this year, the Falcons clicked as a unit. Every Falcon played heads-up football.

They definitely were an altogether different unit than that which faced Rider and Miami. Their blocking and tackling was savage and accurate. Perhaps the most improved department was the Falcon pass defense. Bradley completed a number of passes, but their net aerial yardage was nothing to boast about.

Team spirit and physical efforts of the Falcons gave indications of further improvement. The boys know now what it feels like to win. They like it too and they realize there's still a lot of tough games on the schedule.

FRANK LEAHY of Notre Dame was not the only coach to make a beeline for the crying towel this week. Toledo's Bob Snyder has his pretty well saturated. His Rockets have lost their last two games to John Carroll, 41-0, and Western Michigan, 54-19. Snyder now "looks forward" to consecutive games with Dayton, Bradley, Bowling Green, Western Reserve, and St. Bonaventure.

DICK STEPHENSON, 4-foot, 8-inch 1949 freshman from Huntsville, who failed to return to Bowling Green this year, is currently under contract for midget wrestling. Many of his appearances have been televised in Central Ohio and Pennsylvania.

ACCORDING TO friends, Findlay's talented junior fullback, Louis Peterson, who almost singlehandedly wrecked Bowling Green and Fremont Ross high school elevens, AT PRESENT plans to enter Bowling Green when graduated from high school.

Bradley Falls to BG Upset Dream

Vastly Improved Falcon Eleven Faces Central Michigan Saturday

By DAVE REICHERT

A vastly improved Falcon eleven ripped to shreds Bradley University's pudgy over-rated line last Saturday, in piling up an impressive 358 yards on the ground while gaining a 20-14 win, their first of the season.

Bradley was just too big for their britches as the Bee Gee backfield outran their lumbering defense. Their feared weight was a hindrance in trying to stop Coach Bob Whittaker's break-away runners.

From the moment the Orange and Brown got their hands on the ball, there are little doubt as to the outcome of the game. Taking Jacob's punt on their own seven, Bowling Green marched 93 yards in 14 plays, with Norb Cowan finally smashing through to score from the one.

Quarterback Rex Simonds did not have to pass once during the drive, as time and again Richie Pont, Fred Durig and Cowman, aided by good blocking, circled the ends for gains.

Pont Leads Drive

A screen pass, good for 22 yards set up the Tribe's first score with minutes remaining in the half.

After three minutes in the second half, Bee Gee got back to business, and with Pont accounting for 56 yards the Whittaker machine marched 85 yards in 10 plays to score. Momentarily stalled on fourth down on the Braves four, Simonds called for a pass, and hit Aldridge in the end zone, much to the amazement of Bradley who expected a run.

However the clincher came after Bowling Green marched from their own 44 only to be stopped on the visitor's 25. On Bradley's first play, Gene Aldridge intercepted a Watson pass on the 30, and while under tackle on the 20, lateralled to Benny Pate who dashed the remaining 20 yards untouched for the tally.

Onsides Kick Works

But Bradley was undaunted. With one minute remaining, Watson hit Tuttle on a long 43 yard pass, and the elusive end scampered over to score. Automatic Bob Stamp kicked the score to 20-14.

Stamp then booted an onsides kick off the chest of center Barney Wheeler; the Braves recovering on the 50. But Al Reyman ended the threat by intercepting a pass on the first play, and Bee Gee froze the ball till the clock ran out.

Four interceptions kept Bee Gee out of trouble most of the game. Their superior speed, illustrated that weight is merely secondary. The Braves lacked good tackling; many times hitting but not holding their opponents.

Paul Bonfiglio Honored

But Coach Whittaker still has a lot of work ahead, if he wants a 50 per cent year.

The Falcons still need work on tackling and blocking, although the

NORB COWAN (29, center) BG halfback, smashes over for first of three Falcon touchdowns in first quarter of Bradley contest. BG won, 20-14.

Durig Coming Along . . .

BG Harriers Face John Carroll Today In First Home Meet

The Bowling Green Cross-Country team goes into action here today at 4 p.m. for the second time this season against a supposedly weak John Carroll group.

Although it is expected that John Carroll's strength is nil, the Falcons will not be taking any chances. The team worked out Saturday and Sunday, but rested Monday.

Last week's cross-country meet at Albion was a dual meet, not a triangular, as was stated in Friday's paper.

The John Carroll team, of which only one man finished the flat Bowling Green course last year, is not expected to be too strong since it is difficult to build a strong distance team in one year around one man.

Coach Dave Matthews will be hoping for a repeat performance of last year's meet in which two of the present Falcon squad broke the course record.

Toeing the mark along with Marv Crosten who was only one second off a record in the Albion meet will be Frank Kilgore who is the present record holder here, Lee Pate, Larry Hall, and Bob Mickits.

Frosh Coach Happy As Squad Improves; Newcomers Shine

Still looking for gold in his group of freshman football candidates, Coach Bellard thinks he's come up with a couple of hopefuls that might assay out nine-tenths fine. Richard Shupe who hails from Genoa, O., caught the coach's eye last week as he tried out for the full-back spot.

The other candidate who just came out, Henry Roether, from Perrysburg, O., but an alumnus of Culver Military Institute, has shown promise as a good defensive halfback because of his fine tackling ability.

Elsewhere on the scene things are a little less bright for the yearlings. Last week no less than eight squad members were on the bench because of injuries but all but all except Bill Lee and Don Johns have rejoined the squad.

Since Friday, Coach Bellard has made his second and last major cut of the season. He has molded his squad into a team of about 65 players. Yesterday, with major cutting out of the way, Coach Bellard began getting down to the real task of getting ready for the Heidelberg fray Oct. 20.

Campus Interviews on Cigarette Tests

Number 3...THE FLICKER

"One question... Where do I flick my ashes?"

Don't think our neat-pleated friend with the drape-shape doesn't know the score! He's plenty hep to all those tricky cigarette tests! If you're in the groove, they're not fooling you, either. You know, from your own smoking experience, that just one puff of this brand . . . then one puff of that brand isn't going to give you the answer you want. What can you possibly tell by a quick inhale and exhale, a whiff or a sniff?

The *sensible* test — the one that gives you the proper answer — is a day after day, pack-after-pack tryout for 30 days. It's the Camel 30-Day Mildness Test! You judge Camels for 30 days in your own "T-Zone" (T for Throat, T for Taste) — the real proving ground for a cigarette. Once you've tested Camels as a steady smoke, you'll know why . . .

More People Smoke Camels than any other cigarette!
